**CLASSIC** **Dark, Warm, and Expressive-** our Classic Series features traditional, hand-hammered cymbal making at it's finest. Deep Hand-Hammered lathing, traditional finishes, and elaborate hand-hammering create complex musical characteristics that add style and B20 Bronze substance to your sound. Smoky, warm, and rich with great dynamic range make these cymbals perfect for any style music from jazz to rock. Compare to Zildjian K, Sabian HH.

**MODERN** **Bright, Shimmering, and Full-Bodied-** our Modern Series is designed for today's contemporary drummer looking for a Hand-Hammered brighter voice, rich in musical tones. 100% Hand-Hammered, there's a full and complex tonal spectrum you are sure to B20 Bronze appreciate. Sensitive to the touch, yet ready to explode on a moment's notice, our Modern Series has the perfect blend of warmth and brightness. Tighter lathing and a striking brilliant finish create a crisp and full voice suited for today's modern musical landscapes. Compare to Zildjian A Custom, Sabian HHX, Paiste Twenty.

**XTREME** **Aggressive, Powerful, and Loud-** our Xtreme Series is just what you need for hard rock and heavy metal drumming. Don't be Hand-Hammered fooled by it's aggressive nature. Complex musical tones are abundantly available and ready to cut through high energy music B20 Bronze with both clarity and power. Featuring a raw, unlathed bell for a penetrating voice combined with tighter lathing and a brilliantly finished bow to add cut and playability. Complex hand-hammering adds musical flavor that's typically left out of this musical genre. Create your own "wall of sound" with our Xtreme Series. Compare to Zildjian Z, Sabian AAX Metal, Paiste

**VINTAGE** **Dry, Dark, and Articulate-** our Vintage Series is a great choice for those seeking lush warm tones with increased stick Hand-Hammered definition. A perfect blend of high-definition sticking with just the right amount of warm undertones. Great for jazz, funk, B20 Bronze R&B, and studio. Unlathed, with aggressive hammering and a raw finish, all work together seamlessly to create the dark, dry, articulate voice of our Vintage Series. Compare to Zildjian K Custom Dry, Sabian HH Dry, Meinl Byzance Extra Dry.

**VENTED** **Trashy, Bright, and Raw-** Featuring vent holes strategically placed around the perimeter, our Vented Series crash cymbals Hand-Hammered create a hybrid voice that balances between a china and traditional crash cymbal. You could call it the best of both worlds or B20 Bronze unique and be correct. With great sound and looks, we just call it plain cool! Compare to Zildjian EFX, Sabian O-Zone.

**OUR FACTORY IS YOUR FACTORY!!** - Our factory in Istanbul has been creating 100% hand-crafted, hand-hammered cymbals for many, many years and for many of today's most recognized cymbal companies around the world. Our highly skilled cymbal smiths have made every type of cymbal, in every style of lathing, every possible weight, and every finish available. If you have something specific in mind to create your "perfect" cymbal, let us help you achieve that. We can work with our factory on a special order basis to design and create the cymbals of your dreams. Give me a call or send me an email to discuss it! - Brian Spaun
